For Immediate Release

## FAIR FEATURES PLUMAS SIERRA COUNTIES' FAVORITE SPOTS

Everyone has a place they take friends and family who visit. Sierra County residents may take their Bay Area friends to the top of the Sierra Buttes. Chester folks may treat their guests to an excellent restaurant. Others may like the stamp mill in Johnsville, the County Museum in Quincy, or a trip to LaPorte. Forget about the visitors, there are hundreds of places in both counties that locals, who have lived here their entire lives, have not seen. Walker Mine? Antelope Lake? The Tiki Bar in Greenville. They're all within an hour or two. We should all go out and see one or two a year.

The Plumas Sierra County Fair wants to help make that happen. As part of an exhibit planned in the Tulsa Scott Pavilion, the Fair is asking for photographs of your favorite spot in Plumas or Sierra County. Color, black & white, digital or print, the Fair wants to display it, along with a very brief reason why it's your favorite spot. This is not a contest, rather, an opportunity to brag about our best spots. Visitors will, however, have an opportunity to cast a vote for what they think is the best spot.

This exhibit will share space with the Home Arts in the Tulsa Building, along with a planned science exhibit. Most every event and display planned for the 2010 Plumas Sierra County Fair is designed to feature who we are and what we do. We want to celebrate our scenic beauty, and laugh at our unique traits. Our Fair shows what we have made, grown, and raised. Please take some time to document your favorite spot and mail that photo and the reason it is your favorite spot to 204 Fairgrounds Road, Quincy, CA 95971. If you have a photo in digital form, e-mail to [fairinfo@plumas-sierracountyfair.net](mailto:fairinfo@plumas-sierracountyfair.net). If you're interested in helping to organize the exhibit, please contact fair manager John Steffanic at 530-283-6272.
